Subject: Route Changes in Dare County

Division Operations Engineer J. D. Jennings, P.E., has informed me that the County of Dare and the Town of Manteo have agreed to our proposal to end US 264 where it intersects US 64 west of Manns Harbor, and to designate the Manteo bypass as US 64 Bypass.

Attached for your review are the proposed route changes, vicinity map, and a copy of the e-mail from Mr. Jennings. When I receive copies of the letters from both entities I will forward them to you.

If you have any questions or need additional information, please advise.

"Robert (Bob) E. Capehart" <bcapehart@dot.state.nc.us>

We have finally heard from the Town of Manteo and Dare County regarding the proposed route changes through Manteo and Manns Harbor as they relate to R-2551. They are both supporting the proposal to stop US 264 where it intersects US 64. US 64 will remain on the existing route and US 64 Bypass will follow the new route. There will be no changes relative to NC 400.

This is to request that we proceed with the above route changes and associated signing revisions. I will forward hard copies of the Town's and County's letters once they are both received.

Please let me know if there are any questions. Thanks

Jerry

I may have spoken to you about this, but in any case we will not submit the route change request until we receive something from Dare County and Manteo. It would be better to get a resolution rather than a letter from the Manteo Town Council and Dare County commissioners to make the US 264 deletion and the Bypass designation. Letters may be ok if they indicate a vote by the governing bodies.
